

ZOOM PRESENTATION FOR SURVIVORS AND THOSE WHO CARE FOR THEM

Topic: Grooming Tactics, Sexual Victimization, and Post-Abuse Maintenance Tactics

Date: Monday, January 27, 2025, 6:30-8:00pm CST

Presentation Summary:

This presentation will highlight the latest research conducted by Jaime Simpson from Australia, which frames pastor sexual misconduct with adult congregation members as sexual coercion and sexual exploitation, situating their experience under the umbrella of gender-based sexual violence. The results reveal a clear pattern of ongoing grooming tactics and coercive controlling behaviors that lead to systemic entrapment of the adult congregation member. Significant harm was reported, affecting the respondent's spiritual, psychological, physical, relational, financial, and emotional well-being. Jaime will present the results, and the visually presented framework developed from the data named "Pastor Sexual Exploitation of Adult Congregation Members: Grooming Tactics, Sexual Victimization, and Post-Abuse Maintenance Tactics."
